Jump to Sections of this page Accessibility Help Press alt + / to open this menu Remove To help personalize content, tailor and measure ads, and provide a safer experience, we use cookies. .. You can also get alerts when someone tries logging in from a computer we don't recognize. To turn on or manage two-factor authentication: Go to your Security and Login Settings by clicking in the top-right corner of Facebook and clicking Settings > Security and Login. Scroll down to Use two-factor authentication and click Edit Choose the authentication method you want to add and follow the on-screen instructions Click Enable once you've selected and turned on an authentication method There are several authentication methods you can use with your Facebook account when logging in from an unrecognized computer or mobile device: Text message (SMS) codes from your mobile phone Security codes from Code Generator Tapping your security key on a compatible device Security codes from a third party app Approving your login attempt from a device we recognize Using one of your printed recovery codes Keep in mind: You can use as many authentication methods as you'd like, but you need to have at least text message (SMS) codes turned on, or at least both a security key and Code Generator turned on. Other Useful Resources If you haven't saved the computer or mobile device you're using, you'll be asked to do so when you turn on two-factor authentication. I think my account was hacked or someone is using it without my permission. Try Guided Help Our guided help tool can walk you through the steps to resolve your issue. Get Started If you think your account has been hacked or taken over, you should visit this page to secure your account. By clicking or navigating the site, you agree to allow our collection of information on and off Facebook through cookies. .. You may receive SMS Notifications from Facebook and can opt out at any time. Create Account Security Check This field is required. Can't read the words below? Try different words or an audio captcha. Please enter the words or numbers you hear. Try different words or back to text. Loading. Enter the text you see above. Why am I seeing this? Security Check This is a standard security test that we use to prevent spammers from creating fake accounts and spamming users. .. Learn more, including about available controls: Cookies Policy.
